Subject: RE: Summary of EtO Lab Call

Hi Renee:

What time works for you this afternoon? I'm free pretty much all afternoon (working from home). I can set up a conf line so Doris can participate as well from the office.

Thank you Lew. If you could do a high level summary, I would very much like to hear it. I can call tomorrow when it is convenient for you. Also, Lew, I will reach out to our folks and see what works. I agree it is probably better to get our participants together then I will email you some options for next week. Thank you again, Lew. (P.S. Sorry I referred to you as Lou in the past instead of Lew!!) Renee

Subject: [EXT] Summary of EtO Lab Call

Renee/Tim:

Please let me know if you want us to update you (GHD also) on the discussions we had yesterday. Participants included Ramboll, EurofinsUS, Sterigenics (Kathy Hoffman), ERG, and Region 5. The topics discussed were quite technical but we can summarize them if you wish. I can set up a call for either tomorrow afternoon or early next week as your schedules permit.

The participants also suggested that we let your group decide the date and time for the next call (approx. 2 weeks) to better facilitate your participation. An afternoon time during the week of March 25 would keep us on schedule. EurofinsUS is on the west coast so we can't go too early.
